*Here are a few ideas:*

## Bushcraft

---

*Escape to the wilds for an immersive bushcraft experience. Ideal as a restorative, fun, activity with colleagues who want to dip their toe into the world of bushcraft and learn some survival skills as a team!*

*Camp Setup | Erecting Shelters with tarps and basha's inc. straightforward and useful knots  
Fire Lighting | No matches required. Learn how to make fire using ancient techniques from materials you can most likely find in the woods.*

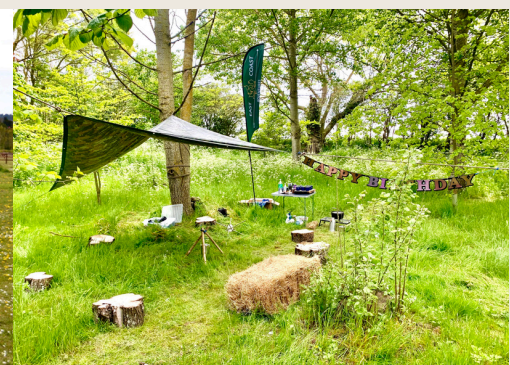

*Knife Skills & Whittling | Craft pot hangers to boil water for a brew, over your very own fire.  
Campfire Cooking – Once our fire is roaring, we can cook a diverse range of delicious meals for lunch or dinner. See below*

## Orienteering & Geocaching

---

*Orienteering | Using a map & compass, work as a team to find tags and be the first team to find the secret message*

*Geocaching | With a GPS find the waypoints at each hidden location and solve the puzzle, riddle or challenge on each card.*

## Archery

---

*Targets up, take aim, release, bullseye!*

*The simple and satisfying art of yesteryear, guaranteed to engross the group and add a helping of healthy competition through an array of team games and multiple target faces.*

*All our archers love the session and always improve.*

## Axe Throwing

---

*Channel your inner Viking, apache or ninja with our axe throwing sessions. Sure to get the heart rate racing, as you take to the target like a Viking to water.*

*Also, despite its name, and although truly exhilarating, axe throwing is actually a very low risk activity conducted with a trained instructor*

## Teamwork Challenges & Games

---

*We have lots of teamwork games up our sleeve.*

*Get the juices flowing and the group working together with some brilliant team challenges & games.*

*Rope Problem Solving | Teamwork is key to solving these tangled teasers*

*Plank & Box Command Tasks | You'll scratch your head, but when the penny drops...*

*Catapult Building | Great fun for all ages, a truly fun and silly build*
